

Dear Friends,

Attached is a picture of the 150 year old Kwan Yin statue that is being donated to joss house and museum that is being built in the village of Lytton B.C. Canada. The statue, found in a Vancouver yard sale in the 1990's, is about four feet high and has been lovingly restored by the Lytton Buddhist community. Work on rebuilding the joss house is planned for spring of this year 2016. We hope that, when this is completed, pilgrims will come once again to Lytton to pray to Kwan Yin for peace and healing.
