

News

There is now a new feature on the Lions Gate Priory website called Offering Bowl. There is a subsection called Requests where we will be putting requests for items that we need.

There are several new Dharma Talks on our website.

We have received notice for the mobile home we have been renting from our neighbour. We have to be out by the end of April.

Kwan Yin Statue.

The 14ft Kwan Yin statue donated by our friends at the Vietnamese temple in Langley will finally be moving up to Dragon Flower Mountain. We plan to begin work on repairing and preparing our road at the end of April, begin construction of the base near the end of May and have the statue moved up by the beginning of August. A Dedication and Open House will follow around mid August. We have been able to raise most of the funds to cover the cost but donations are always appreciated.

Building Project.

After many years of thinking about the need for actual temple buildings on our mountain we have hired an architect who is in the process of drawing up plans for a meditation hall and residential buildings. The plans should be completed and ready for tender by June 1st. Once we have cost estimates we will be able to start fund raising. We will need as much help as possible from our friends, supporters and congregation to help make this happen.
