

Dear Friends,

Attached is a photo of the Zhu Rong statue that is being donated for the Joss House restoration - the Lytton Chinese History Museum. It is being sent from Malaysia. He is the patron of fire fighters, water conservation and travelers.

This will complete the set of three statues:

Shen Nung - patron of herbal medicine and farmers markets

Kwan Yin - Great Compassion and Mercy - protector of women and children

Zhu Rong - protector against fires - patron of water conservation

that were in the original Chinese temple in Lytton.

Regards,

Koten
